

Eat/Drink/Breathe Dinosaurs Tour

Are you dynamite for dinosaurs? This tour will satisfy your *Tyrannosaurus*-sized thirst!

Dino Lab *Level 2*

Get a peek behind the scenes at our Dino Lab! These aren't actors, these are real scientists working on real fossils that our Dinosaur Institute has brought back from out in the field. These specimens on view change throughout the year, so come back for new fossils!

Dinosaur Encounters *Level 2 (Check schedule for times)*

Fun, educational, and interactive, Dinosaur Encounters features NHM's life-size dinosaur puppets! Each presenter focuses on a different topic, including theories on dinosaur behavior, extinction, adaptation, and the relationship between birds and dinosaurs.

T. rex Trio *Level 1, Dinosaur Hall*

The stunning centerpiece of the dino gallery is the *Tyrannosaurus rex* growth series, featuring a baby, juvenile, and sub-adult *T. rex*. It's the only series of its kind in the world!

Auggie *Mezzanine, Dinosaur Hall*

Meet Auggie, California's state dinosaur. *Augustynolophus morrisoni* lived around California in the Late Cretaceous period. One of only two fossil specimens of *Augustynolophus* in the world can be found right here at NHM. Discover this duck-billed dinosaur on the second level of the Dinosaur Hall.

Hunter Plushie *Level 1, Museum Store*

Take home some of the dino fun with Hunter! He's a mini version of our large-scale *T. rex* puppet, nicknamed Hunter who enchants guests during our Dinosaur Encounters.
