

Homeschool Day Taphonomy Journal

THESE OBSERVATIONS BELONG TO:

What gives all our fossils at the La Brea Tar Pits their unique brown color? *Draw or write your answer.*

What gets preserved during mummification that doesn't get preserved at the Tar Pits? *Draw or write your answer.*

What do these fossils tell us about LA's past? *Draw or write your answer.*

Imagine the story of a fossil you see in the Museum, from the life of the animal, to getting stuck, to becoming a fossil and being discovered. Draw it!
